**Unlawful effort to hand Canada to the Bush regime: Conservative Party linked to pro-U.S. Annexation Cabal**

Activities tantamount to Treason, involving Breach of Parliamentary Oath and conspiracy to overthrow Her Majesty

Stand Up for Canada  
 "Stand Up for Canada" appears to have been devised as a technique of mass deception, under the joint auspices of former ultra-right wing Alliance Party and U.S. Republican Party advisors.

In the last 2006 Federal Election, the Conservative Party kept trumpeting its slogan that it would "Stand up for Canada". Then, Opposition Leader Stephen Harper during that election indicated that he would similarly "Stand Up" for Canadian sovereignty in the Arctic. Mr. Harper portrayed his party, as a party which would govern Canada with integrity and openness in a spirit of renewed democracy, in contrast with the 'corruption' of

Prince Turki al-Faisal, unexpectedly resigned his position as Saudi Ambassador to the United States today. The monopoly press is not revealing the real reason for his departure but the real reasons are obvious to those involved in the investigation of the corruption in the upper echelons of power in the United States and Great Britain where the 9-11 Attack on America was hatched.

It can now be reported that the Special Prosecutor Patrick Fitzgerald has evidence linking the Saudi Royal Family to Al Qaeda money laundering involving the CITI Bank, Deutsche Bank and the Israeli Mossad.

What makes this worse is that European

the Martin Liberals. As it turns out, these assertions by Mr. Harper could not be further from the truth.

Mel Hurtig, the founder of the Council of Canadians, and also a variety of other reliable sources including veteran CNN anchor Lou Dobbs, now reveal that senior elected representatives and advisors to the Conservative Party, are currently planning a scheme that would hand over Canada to the Bush regime by 2007. The official name for this scheme, is called "North American Union".

**Mel Hurtig**

Mel Hurtig reveals that the Stephen Harper's Government has appointed a Ministerial Team in order to "surrender" Canada to the U.S. by 2007, so that its political-military-industrial complex can fully control oil and other Canadian resources. Alberta "Conservatives", including at least one former Premier, are reportedly among prominent Harper Government operatives of this ultra-right wing effort.

Mel Hurtig, a noted Canadian author and publisher who was the elected leader of the National Party of Canada, provided research-

Interpol has now connected the dots linking the poisoning of Alexander Litvinenko to Ahmed Chalabi and the Italian double agent Scarmella aka "curve ball" and the Russian-Mossad Mobster Oleg Gordievski.

The financial link ties 'America Peace Group' in Chechnya to ERINYS LTD. of England and financial and operational activity relating the triggering of the War in Iraq and the events of September 11, 2001, and to what can now be described as the Saudi-Russian-Israeli Mossad Box.

Prince Turki al-Faisal, was under subpoena by the Fitzgerald Grand Jury and with this resignation today he will be able to avoid testifying and giving important evidence.

PS - The Fitzgerald investigation and Euro-

pean Interpol is now investigating Hamburg, Germany cells linked to the Becker Group and the 9-11-01 hijackers and the passports they received to travel from both Germany and England to the United States. It can now be reported that the forged passports were done by elements linked to Alexander Litvinenko and Oleg Gordievski.

Note: Valerie Plame's U.S./French teams had been investigating this chicanery including the financial ties linked to both the Saudi Royal Family and Deutsche Bank.

PPS - It should be noted that British Prime Minister Tony Dunblaine Blair remains under diplomatic immunity while entering the United States in order to avoid being served with a subpoena by the Fitzgerald investiga-

tion. Documents obtained by researchers associated with the Council of Canadians were marked "Internal Document, Not for Public Release." At least three current Ministers of Stephen Harper's Conservative Party minority government are cited in the Document as "ring leaders" so-to-speak, of an unlawful and anti-constitutional effort to hand Canada to the Bush regime.

Canadian constitutional and related law is quite clear that any such effort by elected members of a government to subvert the political authority of the Government of Canada, constitutes breach of a Parliamentary Allegiance of Office, and broadly treason.

This is because the reportedly directed efforts of Ministers in the Stephen Harper government, to hand over Canada to the political authority of Mr. Bush, as the American Head of State, without the consent of the diverse Canadian public, can only be executed by the seditious overthrowing of the Crown, i.e. Canadian Head of State.

Readers of this website will remember that on a previous occasion when Blair visited the Washington capital a gun fight erupted in the parking lot of the Capital Building. Blair's henchmen shooting at those agents of U.S. Justice who were attempting to serve Blair with the Fitzgerald subpoena.

Every organization and personality representing the Gaza settlers was a defeated snitch. The one hope for a Gaza battle was in a hotel complex where 2,000 protesters resided.

That last hope was crushed when a gang from Kach gave the government what it sought; a phoney fight between Jews and Arabs over Gush Katif.

**BYE BYE GAZA** describes the deep conspiracy against the Jews. The author is not settled enough to print the book.

**BYE BYE GAZA by Barry Chamish**

Welcome to my dream. It all seems real.

In Barry Chamish's nether world, he gave a speech in Jerusalem last winter. It became the source of powerful articles and a dramatic CD-ROM. He insisted that the Israeli government, led by Shimon Peres and Yossi Beilin, had already promised East Jerusalem to the Vatican. He named the Vatican and the Council

On Foreign Relations (CFR) as Israel's prime enemies. He predicted that both parties wanted parts of Jerusalem in Vatican hands within a year.

Israel was finished the moment its people conspired to destroy the lives of the Jews of Gaza. This author watched how the naifs of

Yesha were led from one trap to another by their local council. He raced to Kfar Maimon and Ofakim. In the days leading to the disposal of the Jews, he spoke to significant audiences in Neve Dekalim and Eli Sinai. But his message of resistance was too real for Gush Katif.

I have a new book called, Bye Bye Gaza. In ten chapters, it recounts the battle for Gaza and the subsequent government torture of the refugees. Each chapter begins with a striking photo of the living Gush Katif as photographed by Gemma Blech. You can purchase the book in color, or the must less dear, black and white.

Welcome back to my world. Is all my craziness coming true?

Such a good boy. And with such a keen

understanding of Catholic liturgy. Of course we'll make the CFR's executive Henry Kissinger a papal adviser.

And Henry's barely in his new leather adviser's chair when Ehud Olmert "decides" to take a trip to meet...da pope.

And such threats you never heard if Israel doesn't surrender a nice chunk of Jerusalem and put Catholic troops outside Gaza instead of the IDF.

So while Israel is one step away from a final, mortal blow, Olmert loses his cool and thoughtfully reminds the world that we have nukes.

So where are the Jews of the world as Israel teeters on a nuclear holocaust?

Why the biggest crooks, like the viciously pro-Gaza removal squad of Stephen Cohen and Daniel Abraham, are funding expensive charities to fuel the death march. Look

at the CFR names on the board of "Jews for
