Unlawful effort to hand Canada to the Bush regime: Conservative Party linked to pro-U.S. Annexation Cabal

Activities tantamount to Treason, involving Breach of Parliamentary Oath and conspiracy to overthrow Her Majesty

Stand Up for Canada
"Stand Up for Canada" appears to have been devised as a technique of mass deception, under the joint auspices of former ultra-right wing Alliance Party and U.S. Republican Party advisors.

In the last 2006 Federal Election, the Conservative Party kept trumpeting its slogan that it would "Stand up for Canada". Then, Opposition Leader Stephen Harper during that election indicated that he would similarly "Stand Up" for Canadian sovereignty in the Arctic. Mr. Harper portrayed his party, as a party which would govern Canada with integrity and openness in a spirit of renewed democracy, in contrast with the 'corruption' of

Italian Guards Leave Posts At Jewish, Israeli Institutions In Rome

"Italian police guards have been withdrawn, without warning, from Israeli and Jewish institutions in Rome.

About 10 days ago, without warning or explanation, the police cars that had been permanently stationed for over 10 years outside the El Al office in Rome, at Jewish community offices, the Jewish school and the synagogues throughout the city, suddenly disappeared - at all times on the eve of Prime Minister Ehud Olmert's visit to the city, a visit that ended Wednesday night.

The surprising step aroused apprehension among Jews in Rome, who have not forgotten the terrorist attack at the synagogue in 1982, when a 2-year-old boy, Stefano Tasha, was killed and 40 people were injured.

Since then, the leaders and institutions of the Jewish community have had total protection - until this week. The city's Jews, who prayed last Saturday at 10 synagogues without security guards, fear that history will repeat itself and the next terrorist attack is drawing near.

the Martin Liberals. As it turns out, these assertions by Mr. Harper could not be further from the truth.

Mel Hurtig, the founder of the Council of Canadians, and also a variety of other reliable sources including veteran CNN anchor Lou Dobbs, now reveal that senior elected representatives and advisors to the Conservative Party, are currently planning a scheme that would hand over Canada to the Bush regime by 2007. The official name for this scheme, is called "North American Union".

Mel Hurtig
Mel Hurtig reveals that the Stephen Harper's Government has appointed a Ministerial Team in order to "surrender" Canada to the U.S. by 2007, so that its political-military-industrial complex can fully control oil and other Canadian resources. Alberta "Conservatives", including at least one former Premier, are reportedly among prominent Harper Government operatives of this ultra-right wing effort.

Mel Hurtig, a noted Canadian author and publisher who was the elected leader of the National Party of Canada, provided research-

The Jewish school is also a priority target for terrorism. At least that is how it was described in the Italian media only about two months ago, and after angry protests from the Jewish community, it was agreed that the guards would be restored - temporarily. The police headquarters stated that it was intended that the police guards would be returned - perhaps even Thursday morning - to all the places which they had been guarding, but parents told

Ma'ariv that they were "angry and concerned" about the new security instructions.

A police car was first stationed outside the El Al office in Rome after the terrorist attack at Fiumicino Airport in 1985, when 16 people were killed and 70 wounded. For the most part, the police car prevented suspicious vehicles from parking there, and the police were instructed to keep a close watch.

Now, however, there is no police car there, and it is feared that the El Al office, which is a palpable Israeli symbol, would be an easy target.

At present, the Israeli embassy in Rome does not intend to approach the Italian Foreign Ministry and turn the issue into a diplomatic confrontation between the two countries, especially in light of the cordial atmosphere Wednesday at the joint news conference of the two prime ministers. On the other hand, the security officer at El Al is expected to have a meeting with his Italian counterparts in an attempt to reach an agreement.

Asked for a reaction, the Israeli embassy in Rome said it does not discuss security matters with the media. The Italian police also refused to comment on why, in the wake of re-evaluations of the security situation by the

ers with the agenda and attendee list of the so-called "North American Forum" at the Fairmont Banff Springs Hotel in Banff, Alberta, Sept. 12-14, 2006.

Mr. Hurtig said the "secret meeting was designed to undermine the democratic process." In addition, the reported Agenda undermines the Statutory position of Her Majesty the Queen of Canada, as the constitutional expression of a Canada independent from the U.S.

"What is sinister about this meeting is that it involved high level government officials and some of the top and most powerful business leaders of the three countries and the North American Forum in organizing the meeting intentionally did not inform the press in any of the three countries," he said. "It was clear that the intention was to keep this important meeting about integrating the three countries out of the public eye," Mr. Hurtig further indicates.

The motive for U.S. participation, according to Mr. Hurtig, was "to gain access and control Canada's extensive natural resources, including oil and water."

Italian security establishment, a decision had been made to withdraw the security guards from a list of diplomatic missions, airline offices and other institutions that had been protected for decades."

In my previous article now at www.thebarrychamishwebsite.com <<http://www.thebarrychamishwebsite.com/>> I summarized that Olmert was ordered by the Pope to appear in the Vatican. There he was to agree to give the Vatican sovereignty over parts of Mount Zion and to accept "the Spanish initiative," replacing the Israeli army in Gaza with soldiers from Catholic Europe.

Hoping not to repeat the fiasco of Pres. Katza's refusal the year before, this year the Vatican promised Olmert a Holocaust. With no police guarding Jewish institutions, it was just a matter of informing the Muslims to get the Jewish blood aflowing.

The Bulletin reporter, the reliable David Bedein, completely missed the significance of his scoop. We finally see the power of the Vatican. Life in Rome's little Jewish community would disappear into the blood within a day. The true slaughter would be in France where 7 million angry Muslims would swoop down on the 700,000 Jews without fear of the police.

Have we forgotten Protestant Britain? Of course, Britain could repeat its long forgotten Palestine policy of keeping the police away from a massacre of Jews. There may be some outrage, a few delays, but the Jews will lose their security when the police appear halfheartedly, if at all.

The mood is 1938. There are more than enough rabid anti-semites to burst the slaughter into reality.

Documents obtained by researchers associated with the Council of Canadians were marked "Internal Document, Not for Public Release." At least three current Ministers of Stephen Harper's Conservative Party minority government are cited in the Document as "ring leaders" so-to-speak, of an unlawful and anti-constitutional effort to hand Canada to the Bush regime.

Canadian constitutional and related law is quite clear that any such effort by elected members of a government to subvert the political authority of the Government of Canada, constitutes breach of a Parliamentary Allegiance of Office, and broadly treason.

This is because the reportedly directed efforts of Ministers in the Stephen Harper government, to hand over Canada to the political authority of Mr. Bush, as the American Head of State, without the consent of the diverse Canadian public, can only be executed by the seditious overthrowing of the Crown, i.e. Canadian Head of State.

See Page 3 of this issue on Paulson!!

So how does the Israeli reporter react to this threat to the last Jews of Europe? According to the Israeli Embassy, the prime ministers of Italy and Israel got along so well, why disturb the fun and ask who ordered the police removed.

Now does the reporter ask how Olmert reacted to the Vatican threat? No such luck. Well, in fact, Olmert returned to Israel and during a Kassam storm, had a meeting with, we think, leader of the opposition Mahmud Abbas, and gave him \$100 million and a promise to release lots of prisoners whether we get our ONE returned or not.

But, best of all, he upped the war on Judaism by closing religious schools:

3. Religious-Zionist Schools on Strike

www.israelnationalnews.com

<http://www.israelnationalnews.com/>

"A total of some 100,000 students are on strike, Glatt told Arutz-7's Hebrew news-magazine. "We have traditionally tried not to take the students away from their Torah and other studies," Glatt said, "but there is simply no other choice. The budget for 2007 is about to be voted on this coming Thursday, and the astronomical sum of 130 million shekels is being cut. We simply will not be able to open the school year if this is the case."

At stake are more than 250 educational institutions, Glatt said, asking, "Could it be that there is someone who wants to specifically harm the religious-Zionist education?"

MK Orlev, participating at the sit-in today, said, "The government is holding the budget and our children as political hostages just because we're in the opposition. The parents already pay astronomical sums, and cannot pay more."
